TO-DAY'S BIG FOOTBALL GAME

LIVELY INTEREST IN THE HARVARD-PRINCETON CONTEST.

ARRANGEMENTS FOR SPECIAL TRAINS-THE BET-TING-REPORTS CONCERNING THE TEAMS-HOW THEY WILL LINE UP.

The first big footbail game of the year will be played at Princeton to-day, when the Harvard and Peinceton elevens will line up on the Tigers' playtack and the crimson have not met on the football field since the fall of 1889, all of the old-time rivalry has come to life 'n a twinkling, and the game to day will arouse as much enthusiasm as did any of the battles of years ago. Whether Harvard and Princeton would have come together if Harvard and Yale had not agreed to disagree is a matter which may concern some of the other colleges, but the ligers and the Cambridge men are not worrying

Special trains will run from this city and from Fhiladelphia, and also from smaller towns in the eastern section. The Pennsylvania Raliroad will run from this city and another from Phila-The train from this city will leave Cort and: and Desbrosses sts. at 12:10 p. m., returning after the completion of the game. Several parties have made arrangements to go from this city, and the members of the University Club, the University Athletic Club, Crescent Athletic Club, the Manhat tan Athletic Club and the Stock Exchange will be well represented.

The Excelsior Club, of Brooklyn, as usual, when a big football game is to be played, will travel to the scene of the battle in sumptuous style. The Excelsiors will leave here on a special car at noon, Du Val is, as usual, the leading spirit, and the outparty are in luck.

was a little speculation on the Stock Exchange yesterday upon the result of the game, with the odds ranging generally from 7 to 5 to 2 to in favor of Harvard. Later in the day, however Princeton followers displayed considerably more confidence in their team, and some people who showed a disposition to fight say of taking the on end earlier in the day were looking for

was said that a most encouraging report had he home team, with the statement that some of the best judges at Princeton believed that their athletes would win. The rumor that several of the Harvard men were in poor condition reached town about the same time, and this helped to raise drooping spirits of the friends of the orange and

tics, who, a few days ago, were predicting that Harvard would win easily, were not so c yesterday, and all expected a close and well-fought battle. It was argued that Harvard's experience and age would be fully offset by the Princeton's

Weight seems to be telling in the football games this year more than ever before, as the lightweight teams have been having a hard time right along. An expert seen last night, who asserted that he had official statistics in the matter, said that the Princeton team to-day would average up more an ten pounds heavier than the Harvard team. the average weight of the Harvard eleven was laced at 166 pounds, while the average for Princewas said to be 178. The Princeton's superior and brawn will be seen not only in the line, in the backs as well.

While the teams will line up as they are given tie w, at least as nearly as could be told last night, re may be several changes before the first half been finished. Just how quickly these changes be made will be determined largely by the poed at which the battle is fought during the first n minutes of play. Each team has men who suffering from injuries more or less severe, d if they are carried along too fast, those patchedcripples will surely collapse.

Harvard is well fortified in case of accidents, and some of the substitutes are close to the class of the ome of the substitutes are close to the class of the originar men. If Hollowell cannot stand the pace sevenson, a good man, is well able to look after a postion of left tackle. Some Harvard men brak that Jaffray's recent injury may cause him to retire, but Doucette can fill his place most accretably. Captain Brewer is also on the hospital at and his possible retirement will give Newell a hance to distinguish himself. ready to fill his position.

Princeton a substitute liet, it is averred, is also
formidable, and strong players stand ready to jump
fill on the breach in case any of the Tigers are woundeld in the fray. Poe and Bannard are not expected to play at the line-up, but they will be
ready to take part in case any of the backs are
required. Crodis is Galley's substitute at centre. Turney and Jordan are the extra tackies, Hynson and
Knight the extra ends, and Wertz the extra guard.
Edwards, Bannard and Poe are the extra backs.

The University of Pennsylvania students who will
attend the game at Princeton to-day are greatly
disappointed in regard to tickets. Some line ago
Clifford Pemberton, ir., wrote to two members of
the Princeton Advisory Committee and asked that
a block of 200 tickets be reserved for the Pennsylvania contingent. Not receiving much satisfaction
from them he communicated with Manager Moore,
of Harvard, who telegraphed that Pennsylvania
could have the tickets requested. Moore requested
Manager Milbank, of Princeton, to attend to the
matter, and on Thursday 300 tickets were sent, but
only eighly of them were first-class seats and all
were scattered throughout the stands. It will thus
the impossible for Pennsylvania to do any concerted
cheering, which was the real object in asking for
seats together. There will be noise enough, however, without the 'Pensys' yell.

The teams will line up as follows:

HOW THE TEAMS WILL LINE UP. A MORE CONFIDENT FEELING REPORTED IN

Princeton, N. J., Nov. I (Special).—The sentiment at Princeton with regard to the Harvard-Princeton football game to-morrow has undergone a decided change during the last few days, and to-night the Princetonians are hopeful of a victory. It is argued that, while the Harvard men are superior to the Tigers in experience, Princeton is far superior to the Tigers in experience, Princeton is far superior in seight, and that weight will count for considerable in the style of game the teams will play. The Princeton line tips the beam at an average of 1884. pounds, and Harvard's average is only 1824-7. Princeton's backs average thirteen pounds heavier than Harvard's, the figures being 1624 to 1454.
It has been decided that the Princeton team will

line up as follows: Left end, Hearn; left tackle, left guard, Riggs; centre, Gailey; right guard, Rhodes; right tackle, Captain Lea; right end, Cochran; quarterback, Sutor; left halfback, Rosergarten (Bannard), right haifback, Armstrong, fullback, Baird. The substitutes will be Poe for quarterback, Crowdis centre, Wentz guard, Turney and Jordan tackles, Hynson and Knight ends and Edwards, Bannard and Pope backs.

Nov. 1.-The Harvard football team started this morning in a special car for Princeton, where they will play to-morrow. The party comprises, besides the players, Moore and Rogers, the managers, and Lewis and Waters, coaches. On managers, and Lewis and Waters, coaches. On account of the resignation of 1, McD. Garfield, who had been selected to be one of the umpires, H. L. Pratt, of Amherst, will officiate in that capacity. The team will probably line up as follows: Left end, Cabot: left tackle, Hallowell, left guard, Holt; centre, Shaw: right guard, Jaffray, right tackle, Donald; right end, A. Brewer; quarterback, Borden; halfback, Wrightington; halfback, Brewer; fullback, Fairchild.

Trenton, N. J., Nov. 1 (Special).-The Harvard football team came to Trenton early this evening and they are quartered at the Trenton House. The party numbers thirty-four, and includes twenty-six players. The team spent two hours this evening in the hotel billiard-room practising signals. They will remain here until noon to-morrow. Moore, the manager, said to-night that the report that Captain manager, was too bady injuried to play was incorrect. Firewer was too bady injuried to play were suffering. Though he and Hallowell and Jaffray were suffering from injuries, they would start in to-morrow's game.

Between 500 and 600 Harvard students will come down to-morrow to witness the game.

ROUGH PLAY BY THE QUAKERS AND CHICAGO.

THE FORMER WON BY A SCORE OF 12 TO 4-VAIN EFFORTS MADE TO STOP THE BRUTALITY.

Philadelphia, Nov. 1.—Pennsylvania defeated the football team of the Chicago Athletic Association this afternoon on Franklin Field by the narrow

margin of 12 to 4. It was one of the most brutal exhibitions seen here this season. The Chicago men, while they put up a fine game, indulged con tinually in what is known in football parlance as "slugging," and the umpires, Mr. Hatfield, of Princeton, and Mr. Leonard, of Michigan, had the wrath of the spectators poured on their heads for failing to stop it. Members of the faculty and the alumni repeatedly remonstrated with the umpires, and John C. Bell, chairman of the Football Committee, went on the field twice to stop the game but, after some minutes' delay, it was allowed to

That Pennsylvania was scored against for the first time this season is not to be charged to the "slugging," nor to the incompetency of the umpires but is rather the fault of the trainers of the Quaker out, and Dr. J. William White and others advised several days ago that the game be cancelled, but the coachers were overconfident of the endurance and ability of the men. The Chicago team played a fine game, running hard and fast throughout, and gaining ground frequently, while Pennsylvania had difficulty in making any gains. The interference formed in line slowly, and the backs followed poorly, so that the most of the advances were made on Brooke's kicks. Pennsylvania scored the bail on Chicago's thirty-yard line, and on the quarterback kick Brooke secured the bail and ran without interruption for a tolichdown. Chicago's touchdown was the result of carriessness with the bail on Pennsylvania's forty-yard line. A fouther pass was called for. Bianey took it and ran to the left, passing it to Slater, who ran around the right end. Owing to Boyle's carriessness Slater escaped him and Crooke had moved up to strengthen the line so the Chicago player hall a clear field and scored the only touchdown made against the Quakers this season. and ability of the men. Pennsylvania then took a brace, and, with the aid of Brooke's kicks, brought the ball to Chicago's twenty-yard line, from which continued dashes car-ried the ball over the line for a second touchdown. Brooke kicked both goals. The teams lined up as follows:

In consequence of the roughness and brutality of the game played to-day, the University of Pennsylvania will play no more games with athletic as-sociations. This decision was arrived at after tosociations. This decision was arrived at after today's gime by the Football Committee and the
faculty of the University. Penrsylvania is to
play the Boston Athletic Association, in New-York
on Tuesday. S rong pressure is being used by
some of the faculty of the University to have this
game cancelled, but the football authorities are adverse to doing this, as the Boston men play clean,
fair football, and no such exhibition as was seen
to-day is expected to take place if the game is
played. It is probable that the engagement with
Boston will be kept, but it will be the last game that
Pennsylvania will play with an athletic association.

A special meeting of the Board of Governors of the New-York Athletic Club was held at the clubhouse in West Fifty-fifth-st. last night. About thirty new members were elected, and the remainder of the list of applicants will be acted upon at a meeting on November 12. The officials are confident that all differences which have existed between influential members of the club will be settled amicably in a few days. James Whitely, the president of the club, is untiring in his efforts for harmony, and he feels sure that he will be successful. New-York Athletic Club was held at the clubhouse

THE TRAIN SERVICE TO PRINCETON. Princeton, N. Manager Milbank said that those who fail to secure seats before coming will have abundant opportunity to get them at Princeton. Four thousand were placed on general sale at Briner's to-day. These are for good seats, and can be had to-morrow either at Briner's or at the gates.

THE AMHERST-WILLIAMS GAME. Amherst, Mass., Nov. 1 (Special).—The first game in the New-England Triangular Intercollegate
League's football championship series will be
played here to-morrow afternoon between Amherst and Williams. The debarring of the Dartmouth medical students gives Williams and Amherst medical students gives Williams and Amherst teams renewed courage for winning the pennant, as the playing of graduate students by Dartmouth was a big handicap for the other colleges in the league which have no graduate departments. Williams men say that they have a weak and crippled team but that the game will be exciting. A month ago the most sanguine Amherst man would not have dared to predict a victory, but, in spite of several injuries to good players, the eleven has steadily improved, and it is now in excellent condition. Captain John Pratt will pair with Captain tion. Captain John Pratt will pair with Captain Hickey. Of Williams, and watch the game from the side lines. Each has been laid off by injuries for several weeks. Aside from the captains, Williams has the bigger "hospital list."

A PLAN TO MAKE THE MORRIS CANAL TOWPATH A BICYCLE ROAD.

RACES ON ELECTION DAY-RIDING IN THE

ARMORIES-A NOTABLE PERFORMANCE. Wheelmen of Jersey City are agitating a scheme to make the towpath of the Morris Canal a cycle road. They intend to petition the Legislature to for them from the owners of the canal (the Lehigh Valley Ratiroad) a part of the towpath for Lehigh Valley Railroad) a part of the towpath for a bicycle road. By laying cinders on the part set aside for the purpose the wheelmen think the road would be excellent. The canal is 101 miles ions, and is used only for the transportation of coal, with rare exception. It extends from Jersey City to Phillipsburg, and runs through a beautiful farming country much of the distance. The wheelmen think such a road would be used not only by tourists, but in necessary travel, and they believe the expense of preparing it could be met by a subscription.

A committee of the Cyclists' Federation of New-York has asked the Park Commissioners for a hearing in regard to the oversprinkling of roadways in the parks.

The Riverside Wheelmen's races on Election Day will be run over the Hudson County Boulevard, the starts being made at Salters. The wheelmen and their friends will leave the clubhouse in Harlem at 10 a. m. on the day of the races, and make the trip to the starting place awheel. There will be a one and a five mile championship, a one-mile championship and a five-mile handleap and a one-mile novice. The one-mile handleap will be a tandem race, for which there are eight entries. Titus will be one of the starters.

Many of the local racing men are doing consider able riding in the various armories just now. Goodwin and Barbour are reported to have made a mile on the floor of the Sth Battalion armory in 2:25. This is a remarkable performance for a level floor on a track twelve laps to a mile.

The Neapolitan Troubadours, who are to appear at Koster & Blal's on Monday evening, arrived here yesterday. They have been said to be something like the Spanish Students, but their leader, Signor Liberti, said last night that he thought their performance was different from that of the Spanish Students, as they not only played on violins, guitars and mandolins, but sang and danced also. The are eight in the company, and each of them is said to be a soloist. They have played and sung in many of the chief cities of Europe. Their specialty is Neapolitan music, and they wear Neapolitan costumes.

BROTHERS ACCUSED OF MURDER. ARREST OF DR. JAMES DOUGLASS FOR COMPLIC

ITY IN THE KILLING OF WOMEN AT BUSTL

Jamestown, N. Y., Nov. 1.-Dr. James Douglass was arrested at his home in Busti this afternoon, charged with the murder of Mrs. Winslow Shearman and Mrs. Cynthia Davis, committed in the town of Busti, near this city, ast December. He is a brother of Charles Douglass, who was arrested yes-terday on the same charge. The Sheriff has been looking for the doctor for the last two days. It seems, however, that he was not trying to evade

the officers, but had been away from home for several days, and only returned this morning, after he learned of the arrest of his brother. The war-rants for the arrest of the two men were issued on information furnished by Walter L. Sessions, who made a careful investigation of the case on his own account after the officers of the company had given it up as hopeless.

The arrest of the two brothers, who were among the nearest neighbors of the murdered women. comes with a shock to the community, almost equal to that which was occasioned by the atrocious murder ten months ago. The brothers had evidently not met for some time till they were brought face to face in the small courtroom of a country justice of the peace at Panama. Charles Douglass was in the rear of the room when his brother entered with a deputy-sheriff. Charles steeped forward as his brother advanced. They met in front of the justice's desk and clasped hands without saying a word. While they still held each other by the hand, Justice Cress read the document charging them with the murder of the two women. They remained silent, but gave no evidence of embarrassment or guilt. The justice informed them that they were entitled to counsel. Jerome B. F.sher, a well-known criminal lawyer, appeared for them, and wished to enter a pica of not guilty for both. The plea was recorded, and after a short consultation between District-Attorney Woodward and Mr. Sessions it was decided to defer the examination of the prisoners until to-morrow at 9 o'clock.

The theory of Sessions is that the murder was planned by James Douglass, and that it was carried out by Charles Douglass, after Mr. Sherman and his son had gone away from the house with Dr. Douglass, leaving the two women at home alone.

Dr. Douglass is forty years of age, and unmarried. Charles Douglass is sixty years old, and has a wife, two sons and a daughter. They are connected with some of the leading families in this city.

THE REV. J. O. BACHE IN MADAGASCAR. HE DISAPPEARED FROM NEW-YORK ON THE LAST DAY OF FEBRUARY

Boston, Nov. 1.-The Rev. J. O. Bache, man of the New-York office of the Union Central Life Insurance Company of Cincinnati, who boarded a Fall River Line boat on the night of Thursday, February 28, and who has never since been seen by friends or relatives, is now said to be in Madagascar and getting along well.

It is announced that it is unquestionably Mr. Bache's determination to begin his life over again and make a success of it. That is the explanation offered for his settlement in a far-away island.

Mr. Bache and Dr. Henry T. Boyle, a medical ex-

aminer for the insurance company, left New-York on February 28 on the steamer Plymouth for Boson February 28 on the steamer Plymouth for Boston. Upon reaching Fall River, Dr. Boyle did not arise until after the first train had started for Boston. He learned that Mr. Bache had gone on the first train, taking the doctor's handbag with him. The first news of him is contained in the foregoing dispatch.

Immediately after this mysterious disappearance matters came to light which, it was said, might have caused Mr. Bache's sudden disappearance. Six notes which he had indorsed fell due at the Western National Hank on the day of his departure, and it was said that before going away he made no provision for their payment.

Mr. Bache had been in the life insurance business in New-York for fifteen years, and he was formerly an Episcopalian clergyman here.
